1. Who we are

The Greater Manchester Combined Authority (GMCA) is made up of the ten Greater Manchester councils, the Greater Manchester Fire and Rescue Service, and the Mayor of Greater Manchester. We work with other local services, businesses, communities and other partners to improve the city-region.

2. Summary of the survey

The Fire Plan is Greater Manchester Fire and Rescue Service's (GMFRS) strategy for the next four years. It includes five priorities for the Service and a series of commitments under each one.

The Fire Plan has been written by the Mayor of Greater Manchester, Andy Burnham and the Deputy Mayor for Policing, Crime, Criminal Justice and Fire, in collaboration with the Chief Fire Officer, Dave Russel. Key priority areas have been developed with partners and stakeholders across Greater Manchester.

In response to the Fire Plan, GMFRS will produce a delivery plan, updated annually to adapt to changing risks, and will be underpinned by an outcomes framework. The delivery plan will provide more detail regarding the allocation of resources in response to identified risks and priorities. Together these documents will constitute the Service's Integrated Risk Management Plan (IRMP).

This statutory consultation will enable Greater Manchester residents to shape the strategic priorities for the Service and its commitments to people of Greater Manchester.

3. What information we will collect from you (the purpose and legal basis for processing information)

The survey will ask you some questions about to what extent you agree or disagree with the priorities set out in the proposed Fire Plan, any comments you may have and whether you have suggestions on how to improve each priority.

We will collect the following information in order to ensure we hear from a representative selection of Greater Manchester communities, and to ensure any policy decisions or interventions are based on the needs of different communities:

- The local authority area you live in
- Your age bracket
- Your ethnicity
- Your religion
- Your gender identity
- Whether you identify as trans/transgender
- Your sexuality
- Whether you have a disability

We will also ask for your name, organisation and email address so we are able to contact you with a copy of the plan. However, this is optional and you can choose not to provide us with these details.

We are asking for this as we want to make sure we hear from Greater Manchester's diverse communities, and also to ensure any policy decisions or interventions are based on the needs of different communities.

As the GMCA has legal responsibilities for the wellbeing of Greater Manchester residents, and a responsibility to treat them fairly and equally, the legal basis for undertaking this survey and using the survey data will be:

- Article 6 1(e) processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller

And for the more sensitive data:

- Article 9 2(g) processing is necessary for reasons of substantial public interest

4. How we ensure the security of your data

The GMCA is committed to providing the appropriate levels of security to the information we collect and we use reasonable measures to prevent unauthorised access to that information. We are required to demonstrate that our solutions meet the required levels of personal, procedural, policy, data and technical security. We will only process personal information for the purposes it has been collected or subsequently authorised.

This survey is hosted on software called Citizen Space, which is provided by Delib. The security measures, firewall, access control and administration privileges for the Delib service have been reviewed and accepted by the GMCA. We also have a contract in place with Delib, which states the services they must provide.

The data from this survey will not be transferred to any other third party for processing.

5. Information retention

The GMCA will keep your information for three years from the point at which the survey closes. We may keep your information in an anonymised format after this time for statistical purposes and in these cases, all personal information will be removed.

6. Transferring data

All data collected as part of this survey will remain in UK.

7. Data sharing

The information collected as part of this survey will only be used by the GMCA for the purposes explained above.
