1. Who we are

The Greater Manchester Combined Authority (GMCA) is made up of the ten Greater Manchester councils, the Greater Manchester Fire and Rescue Service, and the Mayor of Greater Manchester. We work with other local services, businesses, communities and other partners to improve the city-region.

2. Summary of the survey

In March 2021 the Greater Manchester Independent Inequalities Commission recommended that Greater Manchester should: *“Create a Community Wealth Hub to support and grow co-operatives, mutuals, social and community enterprises, staffed by people from the co-operative and community sector who understand the market.”*

We believe that any Community Wealth Hub should be developed and co-designed with the people and organisations who might benefit from or provide services to the Hub.

Therefore, a survey is being launched to ask interested residents and organisations to tell us their initial thoughts on the principle of Community Wealth Hub in Greater Manchester, and to register their interest in being part of its co-design process.

3. What information we will collect from you (the purpose and legal basis for processing information)

The survey will ask for your initial thoughts on the concept of a Community Wealth Hub in Greater Manchester and whether it is needed in the city-region.

The survey will also ask respondents to register their interest in being part of its co-design process.

We will collect the following information in order to ensure we hear from a representative selection of Greater Manchester communities, and to ensure any policy decisions or interventions are based on the needs of different communities:

- The local authority area you live in/work in
- Your employment status/what industry you work in
- Your age bracket

- Your ethnicity
- Your religion
- Your gender identity
- Whether you identify as trans/transgender
- Your sexuality
- Whether you have a disability
- Your contact details

We are asking for this as we want to make sure we hear from Greater Manchester's diverse communities, and also to ensure any policy decisions or interventions are based on the needs of different communities.

As the GMCA has legal responsibilities for the wellbeing of Greater Manchester residents, and a responsibility to treat them fairly and equally, the legal basis for undertaking this survey and using the survey data will be:

- Article 6 1(e) processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller

And for the more sensitive data:

- Article 9 2(g) processing is necessary for reasons of substantial public interest

4. How we ensure the security of your data

The GMCA is committed to providing the appropriate levels of security to the information we collect and we use reasonable measures to prevent unauthorised access to that information. We are required to demonstrate that our solutions meet the required levels of personal, procedural, policy, data and technical security. We will only process personal information for the purposes it has been collected or subsequently authorised.

This survey is hosted on software called Citizen Space, which is provided by Delib. The security measures, firewall, access control and administration privileges for the Delib service have been reviewed and accepted by the GMCA. We also have a contract in place with Delib, which states the services they must provide.

The data from this survey will not be transferred to any other third party for processing.

5. Information retention

The GMCA will keep your information for three years from the point at which the survey closes. We may keep your information in an anonymised format after this time for statistical purposes and in these cases, all personal information will be removed.

6. Transferring data

All data collected as part of this survey will remain in UK.

7. Data sharing

The information collected as part of this survey will only be used by the GMCA for the purposes explained above.
