Easy Read

This is an Easy Read version of a survey information. It may not include all of the information but it will tell you about the important parts.

This Easy Read booklet uses easier words and pictures. Some people may still want help to read it.

Some words are in **bold** - this means the writing is thicker and darker. These are important words in the booklet.

Sometimes if a bold word is hard to understand, we will explain what it means.

Blue and underlined words show links to websites and email addresses. You can click on these links on a computer.

About this booklet

We are Transport for Greater Manchester.

We run the Bee Network which includes buses, trams, walking, wheeling and cycling, and in the future will also include trains.

This is called **public transport**.

Good public transport is important for people and businesses in Greater Manchester.

We want to make sure that the Bee Network makes it easier for people to get to where they need to go.

Salford City Council

We are working with Salford City Council to improve the main route between Salford Crescent and MediaCityUK, which the 50 bus uses.

The route goes through four wards in Salford: Ordsall, Pendleton & Charlestown, Weaste & Seedley, and Quays.

We are planning some changes to make the route better, and want to know what you think.

Our plan

To make journeys safer and easier, we plan to:

- Put a new **bus only restriction** on South Langworthy Road.

A **bus only restriction** is a short bit of road where only buses, trams, taxis or cycles can go.

- Make bus stops along the whole route better.

- Put new pedestrian and cycle crossings at important places that need them.

- Build separate cycle tracks on part of the route.

- Make some junctions better and safer for people who walk, wheel or cycle.

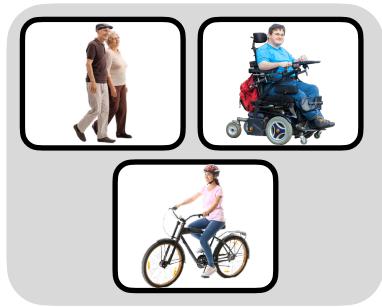

We think these changes will:

- Make bus journeys quicker, and run on time.

- Make different types of transport work together better.

- Make safer routes for people to walk, wheel or cycle.

We have £23.4 million from central government to spend on making the route better.

How we will make the plan happen

We will probably work on the plan in different parts, called **phases**.

We think that the changes between Eccles New Road and MediaCityUK will make the most difference.

We think changes in this area will do the most to:

- Make transport quicker and on time.

- Encourage more people to walk, wheel or cycle.

But we want to know what you think before we make any decisions.

What you tell us will make sure that we do what people in the local area want most.

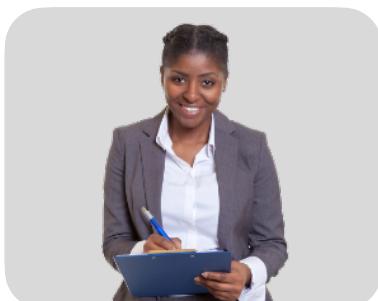

Help with the survey

You can get extra information about the survey on our website:

<https://tfgm.com/projects/improving-journeys/salford-crescent-to-mediacity>

This information includes:

- What you said about our ideas last time we asked, and what we did about it.

- How our ideas fit with other plans for Salford and Greater Manchester.

You need to be 16 or over to complete this survey.

If you need help with the survey, you can contact us by:

- Email: hello@beennetwork.com

- Phone: 0161 244 1444

You can phone us between 7:00am and 8:00pm on Monday to Friday, or 8:00am to 8:00pm at the weekend or on public holidays.

You can phone us to fill in the survey over the phone.

You can also phone us to:

- Get help if you do not speak English.

- Ask if you want a copy of this booklet in another format.

- Ask for a paper copy of the survey or the extra information to be sent to you.

- Ask about the public drop-in sessions. There is more information about these on the next page.

Public drop-in sessions

We will be running sessions for people to come and ask questions about our ideas, without making an appointment.

There will be sessions in person:

Map 1 - Liverpool Street junctions with Amersham Street and Bradden Close

The changes we want to make on Map 1 are:

- Build a new crossing on Liverpool Street for people who walk or cycle, to link it to Amersham Street, Amersham Park Road and Langworthy Road.

- The crossing will also link to planned houses and make it easier to walk, wheel or cycle between Pendleton Centre and Liverpool Street.

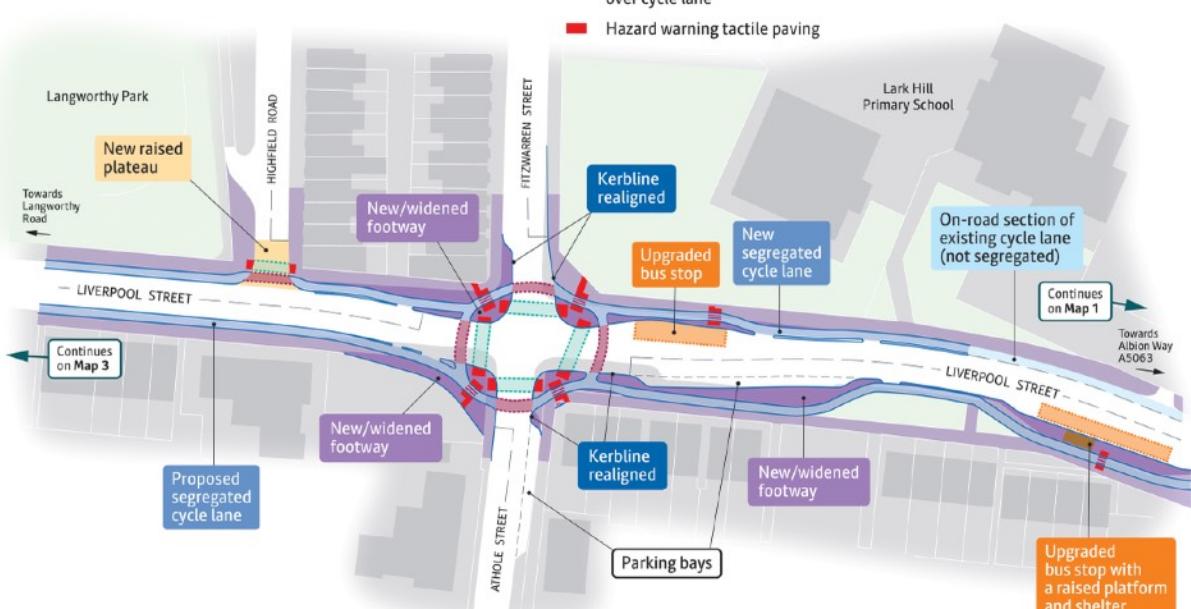

Question 26: Please tell us the difference our ideas for Liverpool Street Junctions with Amersham Street and Bradden Close on Map 1 would make to you, the journeys you make, or your business or organisation in the box below:

The changes we want to make on Map 2 are:

- Make the junction better and safer for people who walk or cycle.

- Build a cycle track to keep cyclists away from people walking and vehicles.

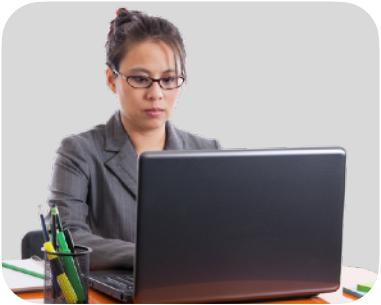

- Put crossings with traffic lights on all parts of the junction to keep people safe and away from cyclists and vehicles.

We might need to use some land near the road to make the changes.

If we do, we will talk to everyone about our plans.

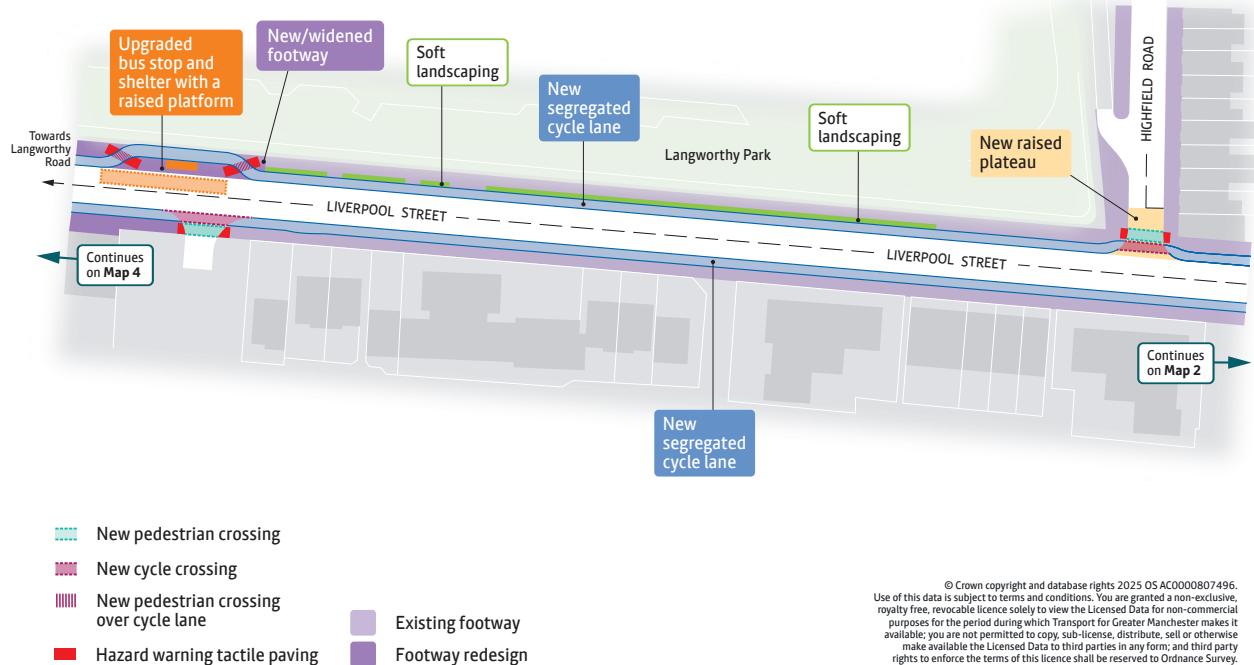

Question 27: Please tell us the difference our ideas for Liverpool Street & Athole Street/ Fitzwarren Street Junction on Map 2 would make to you, the journeys you make, or your business or organisation in the box below:

Map 3 - Liverpool Street from Langworthy Road to Highfield Road

Map 3

Liverpool Street
Langworthy Road to Highfield Road

The changes we want to make on Map 3 are:

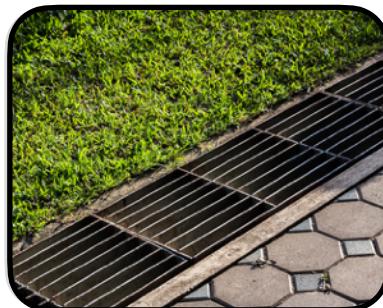

- Change the cycle track to keep cyclists away from people walking and vehicles.

- Change junctions to smaller roads to make them safer for people walking or cycling.

- Plant trees and bushes, and make drains better, to make the area look better and make it easier for people to walk, wheel and cycle.

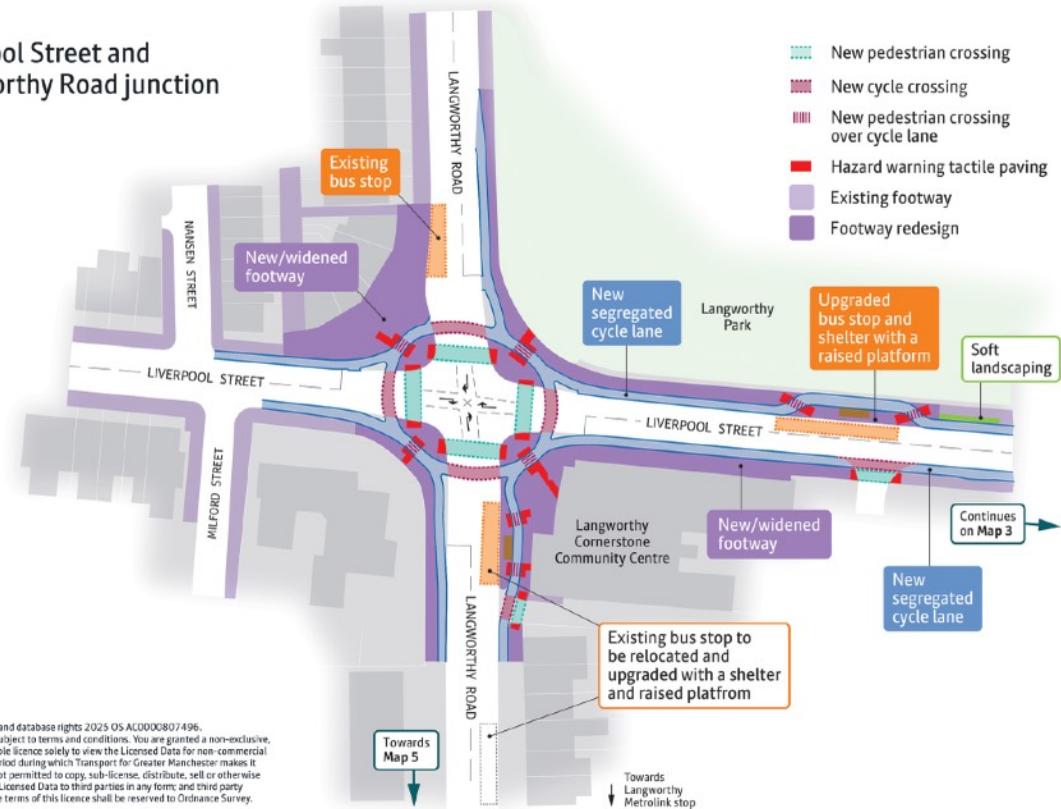

- Some trees and plants will be removed, but new areas with better drains will be added to deal with water and waste.

Question 28: Please tell us the difference our ideas for Liverpool Street from Langworthy Road to Highfield Road, on Map 3 would make to you, the journeys you make, or your business or organisation in the box below:

Map 5 - Langworthy Road and Amersham Park Road junction

The changes we want to make on Map 5 are:

- Make new separate cycle tracks to connect Eccles New Road to a safe crossing north of the M602 bridge, away from pedestrians and cars.

- Make a crossing to link Langworthy Road with quieter streets like White Street and Amersham Park Road, and on to Liverpool Street.

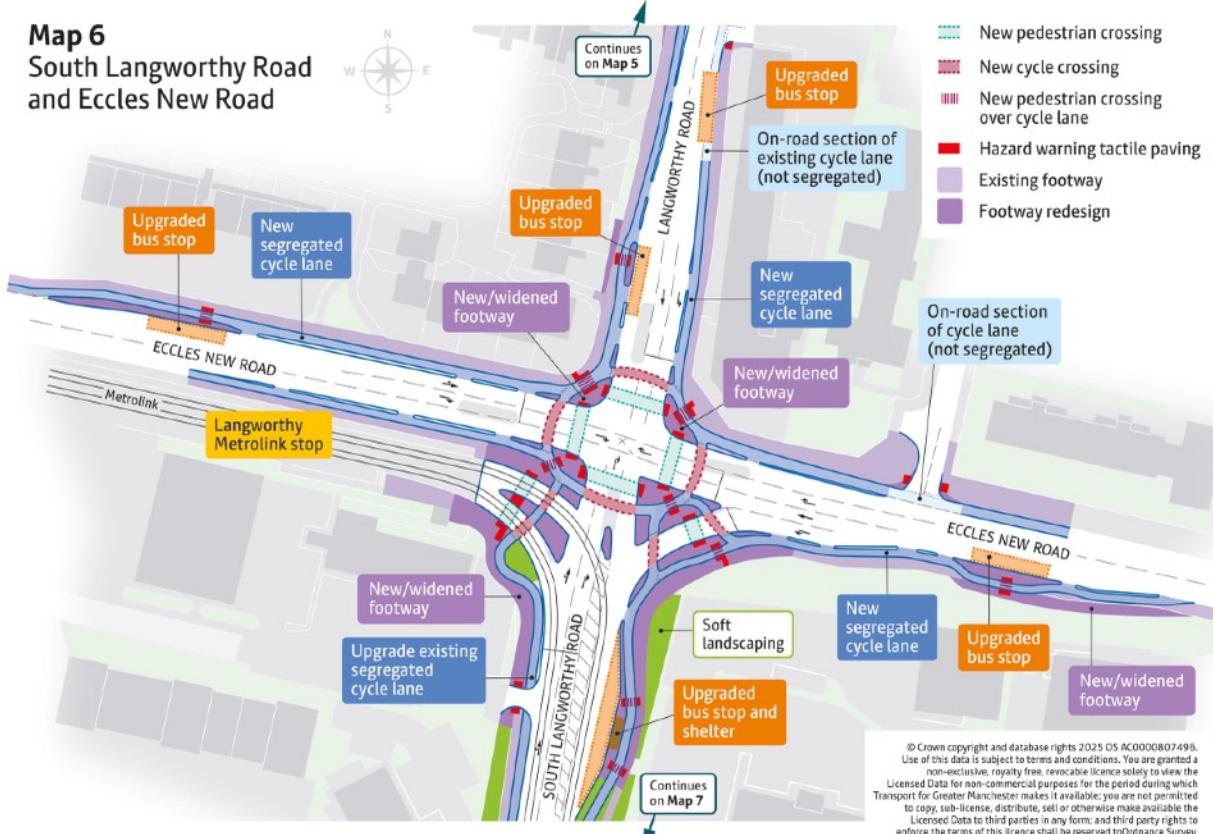

- Cyclists will be asked to use Amersham Park Road as a quieter, safer route towards Liverpool Street.

Question 30: Please tell us the difference our ideas for Langworthy Road and Amersham Park Road junction on Map 5 would make to you, the journeys you make, or your business or organisation in the box below:

Map 6 - South Langworthy Road and Eccles New Road

Map 9 - South Langworthy Road, from Broadway to Dallas Court

The changes we want to make on Map 9 are:

- Change the junction to make it easier and safer for people who walk, wheel or cycle.

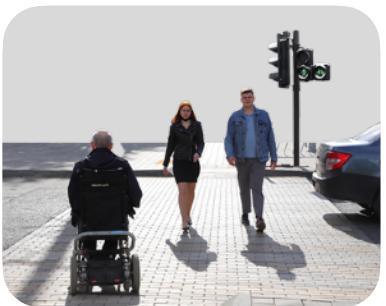

- Put a new bus only restriction on South Langworthy Road, to reduce other vehicles and give more space for people to walk and wheel.

The bus only restriction is between Kansas Avenue and Montford Street, is shown on Map 7 and Map 8.

- Make a separate cycle track around the Broadway Junction to keep cyclists safe.

- Put crossings with traffic lights on all parts of the Broadway Junction to keep people safe and away from cyclists and vehicles.

On Map 9 we also want to:

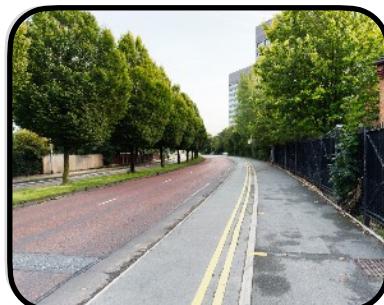

- Change the cycle track on South Langworthy Road to keep cyclists away from people walking and vehicles.

- Join the cycle track to the cycle tracks on Broadway and Eccles New Road.

- Change junctions to smaller roads to make them safer for people walking or cycling.

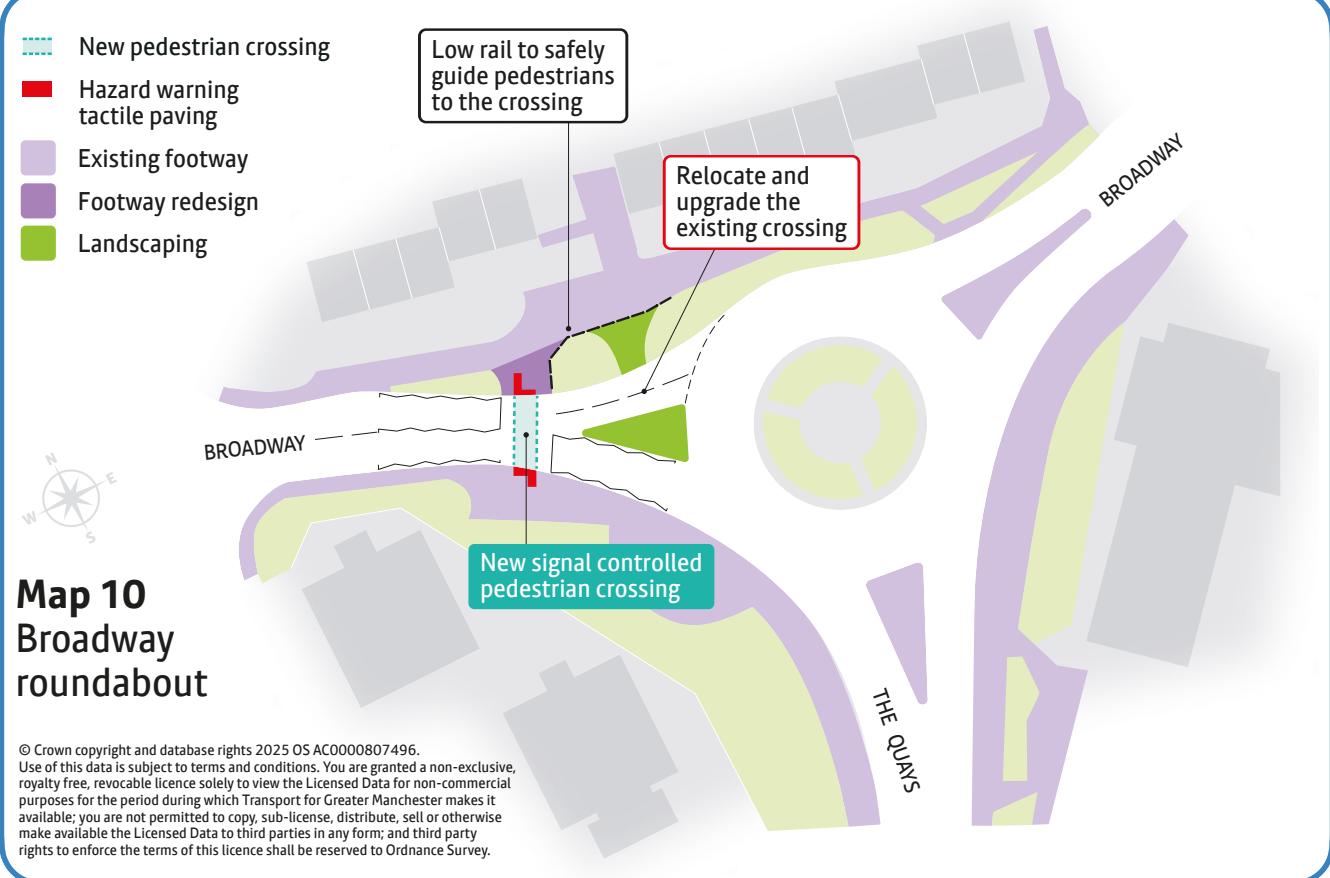

- Plant trees and bushes to make the area look better.
